Mattress Buying Guide

There are so many mattresses to choose from and it is often difficult to decide which one is the best for your child. With newborns needing up to 17 hours' sleep per day, to toddlers needing up to 13 hours' sleep, the right mattress is key to supporting early development. Depending on the bed or budget, we have a mattress perfect for your little one.

All our mattresses are designed and manufactured to comply with the General Product Safety Regulations 2005 and UK Furniture and Furnishings (Fire) (Safety) Regulations 1988/1989, 1993 and 2010. Crib, cot and cot bed mattresses are tested to BS 7177:2008+A1:2011 and BS EN16890:2017.

Interior

Dual Core - Two options, a firm coir or fibre side for baby or a softer pocket sprung side for toddler

Natural Coir/Wool - A natural core regulates temperature and is suitable for children with allergies. Biodegradable

Pocket Spring - Lots of individual pocket springs to support baby's back, neck and head. Superb support for toddlers

Spring - Robust spring unit encourages airflow through the mattress. Offers comfortable support

Fibre - Breathable polyester fibre

Foam - Dent resistant nursery grade foam offering adequate support

Covers - Can all be machine washed at 60°

Moisture Management - Reversible and zipped cover offers dry and comfortable sleeping environment

Breathable - Reversible 3D spacer top for increased airflow, breathability and total body support

All Seasons - Dual sided. Luxury Winter thermo quilted for cool nights and super soft Summer Tencel airflow for warm nights

Bamboo - Knitted, natural and soft touch removable cover

Quilted - Microfibre, water resistant 3 ply quilted top cover

Moisture Management: Creates a dry and comfortable sleeping environment	✓	✓	✓						
Increased Airflow Through Core: Spring and fibre cores allow increased breathability	✓	✓	✓		✓	✓		✓	

Moisture Management Dual Core

The moisture management dual core mattress is fantastic for those wanting to provide their child with optimum support and it adapts as your little one grows, offering two sides of comfort from birth onwards but has 4 impressive sleeping options. The core is reversible depending on whether it is in use for baby or toddler and the cover has a removable Tencel airflow cover for warmer nights as well as a breathable polyester waterproof cover to protect against accidents.

Suitable from birth, one side of the mattress is firm to protect your little one's back, neck and head during their most peaceful time, featuring an inner core comprised of coconut coir, bonded with natural latex, which provides a naturally springy feel whilst being extremely resilient, durable and breathable. This is then topped with soft and luxurious lambswool that regulates body temperature and moisture for maximum comfort as well as being naturally hypoallergenic. As your child grows the mattress can be flipped, this side offering individual pocket springs to give increased support to your child, promoting perfect posture and sweet dreams for your little one. These individual springs are then encased in a high grade of dent resistant nursery foam ensuring superior comfort.

The innovative cover features a Tencel fabric top panel which is extremely breathable, allowing more airflow through and moving perspiration away from the body and through the fabric, helping to keep your baby cool and comfortable. This top panel can be removed easily without removing the mattress from the cot/cot bed to reveal the second sleeping surface, a panel made of polyurethane which is not only soft to the touch, breathable and able to adjust to body temperature quickly but is also waterproof, protecting the mattress from those little accidents. The cover is anti-bacterial, anti-fungal, anti-dust mite and also fully removable and washable at 60° so that the piece can be kept fresh and clean for your child's naptime. Add to this the removable, water resistant inner cover that can be used as a third sleeping surface whilst the outer cover is being washed and you have a mattress which is perfect for providing a good night's sleep.

Features:

- Tencel top panel to increase moisture and humidity management, creating a dry and comfortable sleeping environment
- Zipped top panel can be removed for washing without removing the mattress from the cot
- Waterproof, air permeable PU panel can be used as a sleeping surface whilst top panel is in the wash
- The breathable knitted polyester cover can also be used as a sleep surface when the waterproof features are not required
- Mattress cover unzips in order to flip core from baby side (firmer) to toddler side (softer)
- Removable water resistant inner cover on core can be used as a sleeping surface whilst outer cover in the wash. Labelled FIRMER/SOFTER for easy recognition
- Dual core; coir side for babies, pocket springs side for toddlers
- 2cm coir layer – naturally breathable, absorbent and supportive. Natural anti dust mite qualities on baby side
- 100% lambswool comfort layer over coir
- 70mm pocket spring unit made up of 190 individual springs on toddler side cot bed size and 136 springs for cot size
- Nursery grade foam does not contain added antimony, phosphorous and arsenic based fire retardants
- Removable outer cover can be machine washed at 60°
- Available in two sizes, 140 x 70 x 10cm and 120 x 60 x 10cm

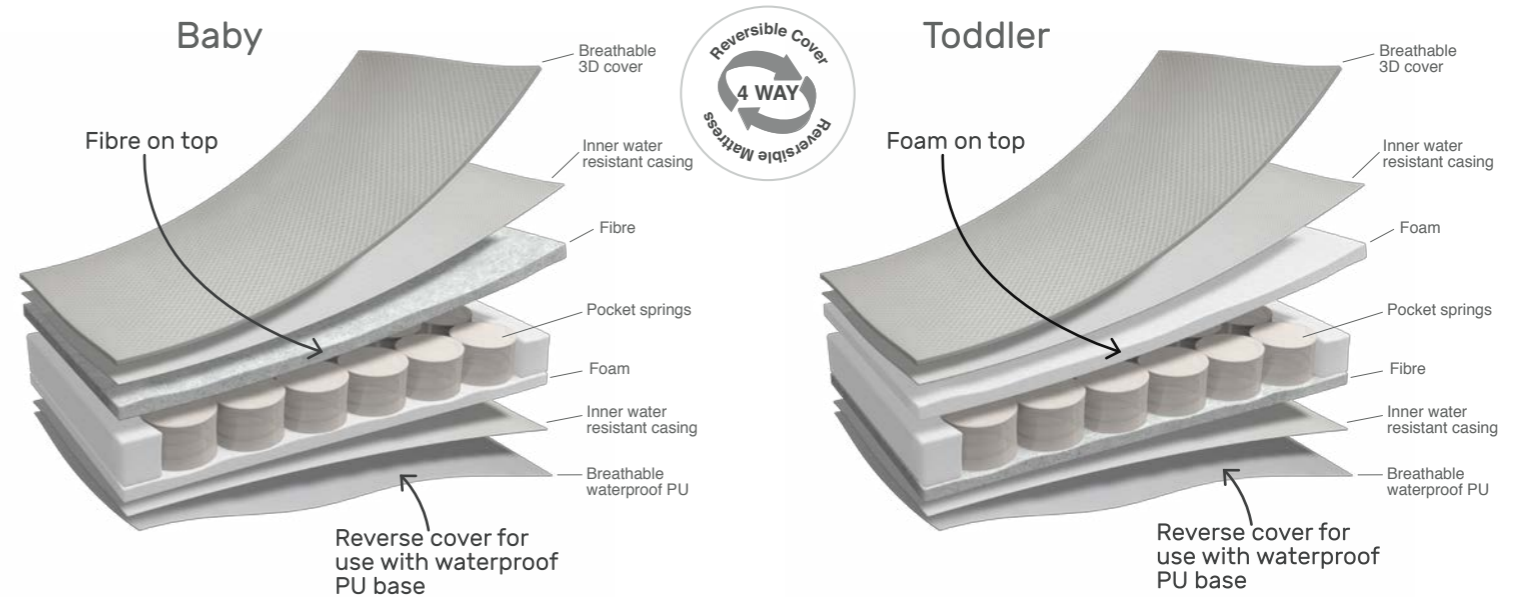

Breathable Dual Core

Our breathable dual core mattress has 4 different sleeping options. The core is reversible depending on whether it is in use for baby or toddler and the cover has a breathable 3D cover for warmer nights as well as a waterproof breathable PU cover to protect against accidents, ensuring your child has the perfect night's sleep at all times.

The mattress cover is cleverly separated into two halves. One side is made from 3D Spacer fabric which increases airflow, breathability and offers total body support whilst moving perspiration away from the body and through the fabric ensuring optimum comfort. The other side is made of polyurethane which is not only soft to the touch, breathable and able to adjust to body temperature quickly but is also waterproof protecting the mattress from those little accidents. The cover is anti-bacterial, anti-fungal, anti-dust mite and also fully removable and washable at 60° so that the piece can be kept fresh and clean, under the cover you have a removable, water resistant inner cover that can be used as a sleeping surface whilst the outer cover is being washed to provide a good night's sleep at all times.

One side of the mattress features a fibre layer which is fully breathable, inner fibre pad aids airflow through the mattress to keep your little one cool and is made from 100% polyester, ensuring your little one has the upmost comfort and increased support providing them with a firm and comfortable surface for the perfect night's sleep.

As your child grows the mattress can be flipped, this side offering individual pocket springs to give increased support to your tot's back, neck and head during sleep, promoting perfect posture and sweet dreams for your little one. These individual springs are then encased in a high grade of dent resistant nursery foam ensuring superior comfort.

Features:

- Dual core; 15mm fibre side – breathable, hypoallergenic and comfortable side for babies (firmer). Up to 220 individual pocket springs covered in nursery grade, dent resistant foam – superb support and comfort for toddlers (softer)
- 3D spacer top cover for increased airflow, breathability and total body support
- Moves perspiration away from the body and through the fabric ensuring optimum comfort in the sleeping environment
- Mattress cover unzips in order to flip core from baby side (firmer) to toddler side (softer)
- Waterproof, air permeable PU base cover can be flipped over for times when the waterproof features are required
- Fibre layer increases airflow through the mattress core
- Removable outer cover can be machine washed at 60°
- Hypoallergenic and water resistant inner cover can be used as a sleeping surface whilst outer cover is in the wash
- Available in one size, 140 x 70 x 10cm

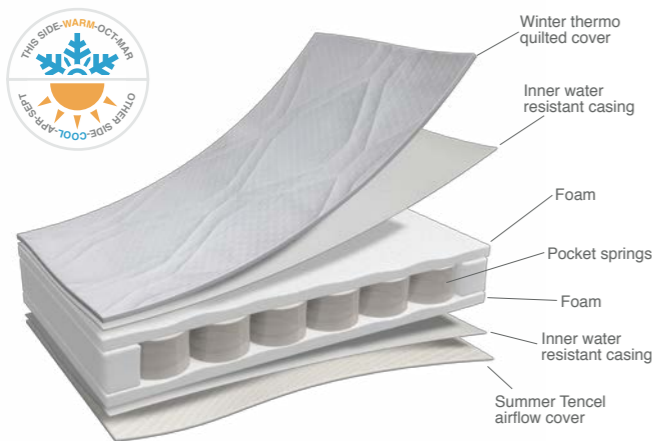

All Seasons Pocket Sprung

Our all seasons pocket sprung mattress is fantastic for those wanting to provide baby with optimum support and luxurious levels of comfort during their slumber.

Individual pocket springs are cleverly integrated to give increased support to your tot's back, neck and head during sleep, promoting perfect posture and sweet dreams for your little one. These individual springs are then encased in a high grade of dent resistant nursery foam ensuring superior comfort.

The cover is cleverly separated into two halves. In colder months the Thermo-Hex fabric side offers increased insulation to store body heat and maintain a healthy body temperature. Then in the warmer months the mattress can be flipped to the Tencel fabric side which is extremely breathable, allowing more air flow through and moving perspiration away from the body and through the fabric, helping to keep your baby cool and comfortable. The cover is anti-bacterial, anti-fungal, anti-dust mite and also fully removable and machine washable at 60° so that the piece can be kept fresh and clean for your child's naptime. Add to this the removable water resistant inner cover that can be used as a sleeping surface whilst the outer cover is being washed and you have a mattress which is perfect for providing a good night's sleep all year round.

Features:

- Dual sided cover; Luxury thermo regulating quilted top panel for cooler nights. Super soft Tencel moisture regulating knit base panel for warmer nights
- 190 pocket spring unit encased in quality nursery grade dent resistant foam
- The springs move independently of each other for superb support and comfort. Air flows freely through the mattress core
- Removable outer cover can be machine washed at 60°
- Hypoallergenic and water resistant inner cover can be used as a sleeping surface whilst outer cover is in the wash
- Available in one size, 140 x 70 x 10cm

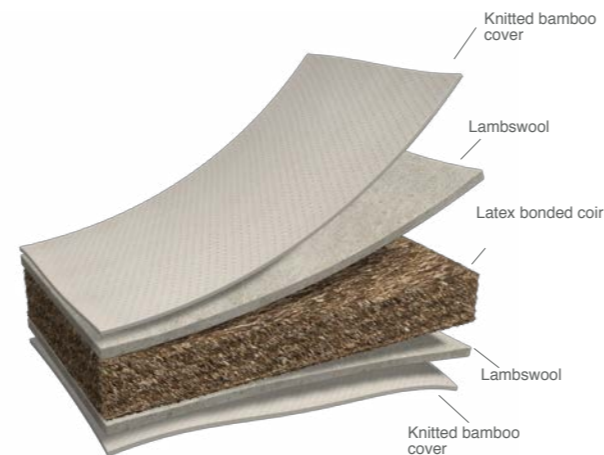

Bamboo Natural Coir/Wool

Luxurious and gloriously green, our natural coir/wool mattress uses organic soft-touch bamboo fabric and has an inner core comprised of coconut coir and lambswool.

The bamboo cover is knitted and the fabrics are derived from 100% bamboo fibre which is eco-friendly and highly renewable. Combined with its natural anti-bacterial properties, it creates a fabric which is 4 times better than cotton, in turn offering a much more comfortable sleep.

The inner core is made up of coconut coir and bonded together with latex. This acts like lots of tiny springs and offers superior support. This inner is then wrapped in lambswool which offers optimum protection against dust mites and also helps to regulate the baby's body temperature and is also perfect for children with allergies. The mattress is also bio-degradable.

Features:

- Inner core made up of coconut coir & bonded with latex
- Coconut coir acts like lots of tiny springs
- Inner core wrapped in lambswool which offers optimum protection against dust mites
- Lambswool helps to regulate baby's body temperature & is suitable for children with allergies
- Natural bamboo soft-touch removable cover with zip
- Removable outer cover can be machine washed at 60°
- Cover is tough on bacteria & odours due to its natural properties
- Bio-degradable
- Available in one size, 140 x 70 x 10cm

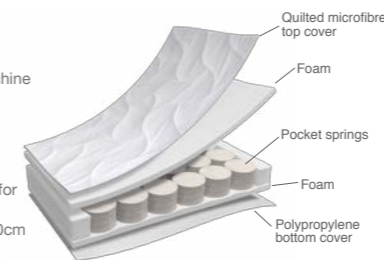

Pocket Sprung

Our innovative pocket sprung mattress is fantastic for those wanting to provide baby with optimum support and luxurious levels of comfort during their slumber.

Individual pocket springs are cleverly integrated to give increased support to your tot's back, neck and head during sleep, promoting perfect posture and sweet dreams for your little one. These individual springs are then encased in a high grade of dent resistant nursery foam ensuring superior comfort. The mattress is available in two sizes and measure 140 x 70 x 10cm and 120 x 60 x 10cm - a happily snug fit for our comprehensive and stylish range of cot and cot beds - and features a fully removable cover which is anti bacterial, anti fungal and anti dust mite, yet is still fully breathable. The cover is also fully removable and machine washable at 60° so that the piece can be kept fresh and clean for your child's naptime.

Features:

- Breathable and hypoallergenic properties
- Removable outer cover can be machine washed at 60°
- Up to 190 individual pocket springs provide increased support for your baby's back, neck and head
- Nursery grade dent resistant foam offers superb support and comfort for toddlers
- Available in two sizes, 140 x 70 x 10cm and 120 x 60 x 10cm

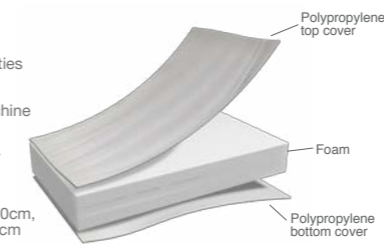

Foam

Our foam cot bed mattress is water resistant, fully breathable and features dent resistant vented foam and hypo allergenic properties to provide tots with a sublimely comfortable night's sleep.

The mattress measures 140 x 70 x 10cm, 120 x 60 x 10cm and 100 x 50 x 10cm - a perfect fit for our comprehensive and stylish range of cot and cot beds - and features a fully removable cover which is machine washable at 60°, so that the piece can be kept fresh and clean for your child's slumber.

Features:

- Breathable & hypoallergenic properties
- Water-resistant & removable cover
- Removable outer cover can be machine washed at 60°
- Inner core which is highly resilient & dent resistant
- Vented foam
- Available in three sizes 140 x 70 x 10cm, 120 x 60 x 10cm and 100 x 50 x 10cm

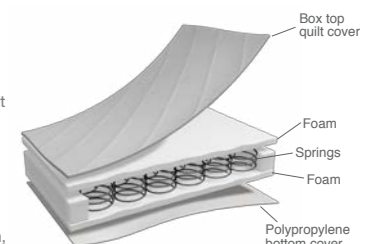

Sprung

Our collection of sprung mattresses are the ideal option for keeping baby cosy at bedtime. Measuring 140 x 70 x 10cm, 120 x 60 x 10cm and 100 x 50 x 10cm, the mattress consists of a Bonnel spring unit encased in a high grade dent resistant nursery foam, which ensures extra comfort for baby. The luxury bound deluxe Freshtec cover is water resistant, machine washable at 60° and is fully breathable. Add to this the adjustable waterproof membrane for protecting the mattress interior and you have a mattress which is perfect for providing a good night's sleep.

Features:

- Removable, softly quilted & breathable cover
- Taped edges for extra support & shape
- Water-resistant cover allows for excellent air movement & heat dissipation
- Removable outer cover can be machine washed at 60°
- Inner core consists of a high tensile coil spring unit, wrapped by strong gauze & dent resistant nursery foam
- Available in three sizes, 140 x 70 x 10cm, 120 x 60 x 10cm and 100 x 50 x 10cm

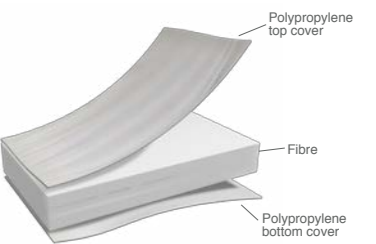

Fibre

Our fibre mattress is hypoallergenic and water resistant. It is fully breathable, firm and comfortable. The inner fibre pad aids airflow through the mattress to keep your little one cool and is made from 100% polyester as well as being 100% recyclable with the top, base and sides made from plain polypropylene, not only offering a comfortable night's sleep but importantly making the mattress environmentally-friendly.

The mattress measures 140 x 70 x 10cm and 120 x 60 x 10cm - a perfect fit for our comprehensive and stylish range of cot and cot beds - and features a fully removable cover which is machine washable at 60°, so that the mattress can be kept fresh and clean for your child's slumber.

Features:

- Hypoallergenic and water resistant
- 100% recyclable polyester fibre pad which aids airflow
- Removable outer cover can be machine washed at 60°
- Fully breathable, firm and comfortable
- A substantial 10cm depth
- Environmentally friendly
- Available in two sizes, 140 x 70 x 10cm and 120 x 60 x 10cm
